About the Book

This book is both for seasoned Christians and for new believers who want a deeper understanding and insight into how the system of the heavenly kingdom operates. I believe this book will shift your thinking and cultivate you to see things as God sees them; you won't see yourself as you once did, and neither will you see God as you did before. It is the Lord's will that all His children be equipped with His knowledge so that they can rise, with the empowerment of the Holy Spirit, above every circumstance that tries to shift their divine purpose.

Within this book, you will find a deeper insight into your purpose and role in carrying out God's mandate here on Earth. I pray that by the time you finish reading this book that

the Holy Spirit will shift your mindset and cause you to be a soul-winner and a God influencer throughout this Earth. Let the God DNA in you arise, and let every fleshly nature die for the advancement of God's kingdom on the Earth. May God enlighten your understanding and increase your

spiritual capacity as you read this book.

Introduction

SHIFTING FROM NATURAL TO SUPERNATURAL WILL CAUSE A REALITY SHIFT

This book is for all God's wonderful children, including those who have already come to salvation and those about to be crafted into the kingdom of God. This book contains deep spiritual insight into the work and way of God and what He desires for His children while they are living on Earth.

I believe this book can shift you from your natural view of things to a supernatural insight fashioned by

the Spirit of God; it doesn't matter what the depth or your frequency in God is. I believe there is always more in God, and the more you glean from the Spirit of God, the more you will be empowered to dominate your natural circumstances.

Circumstances are a part of life. They can shape a person into the most beautiful and gentle human being, yet they can also turn people into monsters. It's how people manage their circumstances that define who they will become.

We are living in a world of trouble and turmoil. Sometimes it may

seem like you've been waiting a long time at a crossroad and can't even see the light of day. Life becomes weary and frustrating.

But if you look to God and remain resilient, faithful, patient, and enduring, you will walk in the purpose and destiny that God has called you to walk.
